Farm & Liability

Protecting the unique insurance needs of horse
and farm owners, breeders, trainers
and riding instructors

Farm & Liability

We offer several types of insurance coverages to meet the needs of the equine professional.

Farm Owners Package

We offer a farm package policy that combines coverage for your home, outbuildings, machinery, equipment and tack as well as your liability exposure. Care, custody and control coverage for non-owned horses is also available.

Individuals, partnerships, corporations and limited liability corporations (LLC) are eligible for coverage under this plan.

Please contact our office for a free quote.

Care, Custody & Control

Equine Care, Custody and Control coverage is essential for the equine professional dealing with non-owned horses in your care. This endorsement protects you should you cause injury or death to a non-owned horse in your care for which you would be legally liable.

(an endorsement to the Farm Package Policy)

Personal Horse Owner's General Liability

The equine profession has many unique liability exposures. Many are not covered under the typical homeowner insurance policy. The horse owner's general liability coverage fills this gap. Coverage is available for up to \$1,000,000 in legal liability for both the amateur and professional.

(also available for race horse owners)

Trainer / Instructor Liability

As an equine trainer and/or instructor you are well aware of the hazards dealing with the general public.

The trainer/instructor liability package will protect you when mishaps occur due to your negligence for which you could be legally liable.

We also provide policies for Riding Clubs and Show/Clinic coverage.
